

PROJECT ACTIVITIES AND COOPERATION

ProAgria Oulu is part of the nationwide advisory organisation ProAgria, which has 107,000 members and 650 employees. ProAgria's project portfolio covers 150-200 local and international projects yearly.

We have provided an extensive network of specialists and a wide range of services targeted at rural enterprises for over 200 years. We work together with Oulu Rural Women's Advisory Organisation and Oulu Fishery Centre.

KEY EXPERTISE AREAS:

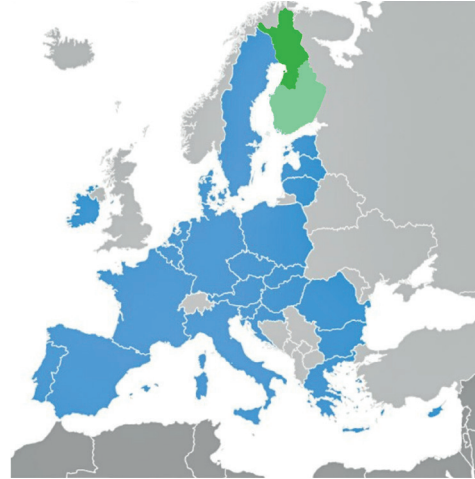

- rural entrepreneurship
- dairy farming and animal husbandry
- crops and vegetables
- environment, water systems, bioeconomy
- sustainable and responsible food chain from farm to fork

SIGNIFICANT BENEFIT FROM OUR WIDE RANGE OF NETWORKS

As an expert organisation, it is important for us to establish local, regional, national and international networks. For us this means a variety of cooperation activities, interesting partners, as well as new perspectives and experience.

EXPERIENCE AND STRENGTHS IN PROJECTS:

- enhancing competitiveness of our clients
- bringing out new innovations
- developing the rural environment
- close access to farmers and agro-industries
- providing a valuable resource for multi-stakeholder initiatives
- representing the Northern European perspective in international projects
